FIRST ANNOUNCEMENT

Dear colleagues,

The Organizing Committee is pleased to inform you that "Integrations of satellite and ground-based observations and multi-disciplinarity in research and prediction of different types of hazards in Solar system" will be held in Petnica Science Center near town of Valjevo, Serbia, in the period 10-13 May, 2019. This meeting is supported by Europlanet 2020 RI NA1 – Innovation through Science Networking, Task 2: Scientific working groups.

AIMS AND SCOPE

This meeting relates to:

- **Hazards on the Earth** (atmospheric disturbances, earthquakes, landslides, telecommunication, damage satellites...),
- **Hazards on planets** caused by different types of radiation, small bodies etc.

We would like to point out the importance of common research of experts in different scientific, programming and engineering fields, and integrations of different types of satellite and ground-based observations in research of natural hazards in Solar system in general. Presentations of conventional and recent methods as well as investigations of the new techniques for hazards prediction should be the important part of this event.

We invite researchers from all relevant fields to participate in this meeting!

Abstracts (one page) of contributions should be sent to BOTH addresses: sandrast@ipb.ac.rs and g.stanojevic@gi.sanu.ac.rs until **March 31, 2019**. A template for preparation of abstracts is available on the meeting's website.

FINANCIAL SUPPORT

Registration fee, accommodation and meals in Petnica Science Center, as well as local transport Belgrade-Petnica Science Center - Belgrade will be covered by Europlanet for **limited number of participants**.

Request for financial support with filled form should be sent to BOTH addresses: sandrast@ipb.ac.rs and g.stanojevic@gi.sanu.ac.rs until **March 15, 2019**. The form for financial support is available on the meeting's website.

PROCEEDINGS

The proceedings will be published after the meeting. Selected proceedings will be published in the *Journal of the Geographical Institute "Jovan Cvijić" SASA* which is indexed and abstracted in Emerging Sources Citation Index (ESCI) - Web of Science (Clarivate Analytics, formerly Thomson Reuters' IP & Science branch). The deadline for submission of your contributions is **May 20, 2019**.

All informations and template for manuscript preparation can be found at the Journal's website <http://www.gi.sanu.ac.rs/zbornik/index.php/zbornik/about>

LOCATION AND VENUE

Meeting will be held in **Petnica Science Center** located near the town of Valjevo in Western Serbia, about 93 km from Belgrade. It is an independent and nonprofit organization for science education.

The organizers reserved accommodation in double rooms for at least 30 participants in Petnica Science Center for 3 nights (Friday-Monday).

Price per day for one person (full board and accommodation) is 35 EUR + VAT (20 %). Accommodation in Petnica Science Center can be paid via bank transfer or at the Registration desk of Petnica Science Center. Instructions for payments via bank transfer are available on the meeting's website.

In the town of Valjevo (about 7 km from Petnica Science Center), there are other accommodation available, both guesthouses and hotels (accessible through usual accommodation search engines like Booking).
